

**AIR & WASTE MANAGEMENT  
A S S O C I A T I O N**

**MOTHER LODE CHAPTER**

## **Environmental Science Education Grants**

The Air & Waste Management Association (A&WMA) is a nonprofit, nonpartisan organization of environmental professionals focused on air quality and waste management. In the Sacramento and northern California areas, the Mother Lode Chapter of A&WMA has approximately 70 institutional and individual members from industry, government, and consulting. Our goal is to foster an improved understanding of air pollution and waste management issues both among environmental professionals and in the public at large.

We are seeking applications for grant funding for our annual school grant program. The intent of this grant program is to provide monetary assistance to elementary, middle, and/or high schools in the Sacramento and surrounding areas for environmental science-related projects. Grant awards will be limited to projects with an air quality and/or waste management focus. Example projects that we may consider funding would include science fair awards, specialized field trips, on- or off-campus projects, air quality (including climate change) or waste management-related curricula, source reduction or recycling projects, etc. This list is not intended to be exhaustive, but can serve as a guide as to the types of projects that may be deemed suitable for grant funding. Note that grant applications will be assessed to confirm that the sophistication of the proposal matches the grade level of the students involved. The A&WMA staff members below are available to answer any questions you may have regarding the relevance of your proposed grant project to our criteria:

- Gary Rubenstein; [grubenstein@sierraresearch.com](mailto:grubenstein@sierraresearch.com); (916) 273-5126
- Pat Sullivan; [psullivan@scsengineers.com](mailto:psullivan@scsengineers.com); (916) 361-1297

Applications will be accepted for grants in the range of \$100 to \$1,000. Within this package, you will find the following:

- Grant Application Cover Sheet. This sheet must accompany each grant application, and should be the first page of your submission.
- Grant Application Format. This sheet describes all of the information that must be included with your grant application.
- Grant Application Checklist. Use this checklist to make sure you have included all of the required information in your grant application packages.

Grant Applications for Awards will be accepted continuously, reviewed as they are received, and awarded based on merit.

# I. Grant Application Cover Sheet (\$100 to \$1,000)

Name of School: \_\_\_\_\_

Street Address: \_\_\_\_\_

City: \_\_\_\_\_ State: \_\_\_\_\_ Zip: \_\_\_\_\_

Grant amount: \_\_\_\_\_

Grant conditions: \_\_\_\_\_

# Grant Application Format

## II. Grant Application

Briefly describe on one or two pages the proposed project for which the grant is being requested, including the following:

- A. **Project description and need** – What is the purpose and/or need of the proposed project?
- B. **Project impact** – What is the impact of the proposed project toward air quality and/or waste management? Please give specific detail on the air quality or waste management attributes of the project. What knowledge are the students expected to gain from this project? How will this project benefit their overall learning experience?
- C. **Organizational capacity** – Give an overview of the mission, vision and goals of your school, class, and/or school group and its capacity to complete the proposed project. How will the Air & Waste Management Association be recognized for the gift if a grant is awarded?
- D. **Financial information** - What is the budget for the proposed project; including what other funds or in-kind support (if any) have been already secured for it? Will there be a need for any future financial support?
- E. **Additional Information:**

To be reviewed for consideration, completed grant application forms must include the following:

1. An itemized budget for the proposed project;
2. A list of key individuals at the school responsible for leading this project and their roles.
3. Signature of the chief executive of the applicant organization.
4. Grant Application Checklist with signature.

### *Successful Applications:*

**Two completed grant application packages (one original plus one copy)** must be mailed to the address below. All requested materials must be included if application is to be considered.

**Applications can be emailed in electronic format to Pat Sullivan at the email address below** as long as a complete application is received.

### Send to:

Air & Waste Management Association
