## SCHOLARSHIP APPLICATION

### Eligibility and Application Information

The A&WMA Mother Lode Chapter Board of Directors recently approved a Chapter Scholarship Program. Please read the following information carefully.

The Mother Lode Chapter Scholarship Program is open to Chapter Members, Student Members, and the children and grandchildren (including adopted children and stepchildren) of a Member (sponsor) in good standing of the Mother Lode Chapter.

Additionally, candidates must meet one of the following requirements:

- Graduating high school senior or graduate equivalent certified applicant who has been accepted for enrollment in an accredited junior college or an accredited four-year college or university;
- Current student enrolled in an accredited college or university; or
- College or university graduate entering, or in, an accredited graduate school.

Applicants should be pursuing degrees in environmental programs, with a preference given to those focusing on air quality, climate change, or waste management.

In addition to the completed application form, applicants are to provide the following with their application:

- Letter of acceptance if a graduating high school senior or junior college student, or entering graduate school;
- Short statement of estimated tuition and fees, including any other scholarships or educational funding awarded to date for the coming year;
- One-page discussion of the applicant's views on air quality, climate change, or waste management; and
- A description of the applicant's future goals.

At the discretion of the Chapter Board, an applicant may be interviewed to obtain additional information or confirm information.

An applicant may receive a maximum of two scholarship awards during different years; however, preference will be given to first-time applicants.

The maximum scholarship award is \$2,000. Award amounts will be dependent on the number of qualified applicants and available budget.

Applications and supporting documents are to be submitted between January 1, 2021, and March 31, 2021, to the Chapter Director, Pat Sullivan, [psullivan@scsengineers.com](mailto:psullivan@scsengineers.com). Awards will be made by July 31, 2021.

## APPLICATION

(\*Indicates Required Information)

### Applicant Information

\*Name: \_\_\_\_\_

\*Address: \_\_\_\_\_

\*City: \_\_\_\_\_

\*State: \_\_\_\_\_
